

COLLEGE DORMITORY

One of the things Fukuoka Dental College is proud of is the Student Training Center. It was established in 1986 by the Fukuoka Dental College Student Mutual Aid Association and donated to the school. The site area is 2095.77 m², and the building area is 5260.66 m². It is a four-story building. There are 30 rooms, two lecture rooms, four seminar rooms, and three lounges, and students who wish to use them can live there, making it an excellent environment for concentrating on their studies. In 2017, the exterior wall of the courtyard was renovated, giving it a bright new look, and the desks and induction cookers in each room were replaced with new ones. There is also a "guest room" on the first floor, used for accommodation and visitors' stays outside the school.

Eligible tenants	Students of this university
Room	All rooms are private, 30 rooms (20 for men, 10 for women)
Facilities	Fully equipped with air conditioning, bath, toilet, refrigerator, sink (IH), bed, study desk, bookshelf, closet, etc.
